Do you realize that a City Directory advertisement is a testimonial to the permanency, the stability, of the advertiser?

That's the sort of concern all of us want to patronize, because we know when they sell us merchandise they are behind it in every way, today, tomorrow, and for the years to come.

"Fly-by-night," "fire-sale" and other temporary or "get-rich-quick" concerns rarely appear in the City Directory.

And it is a noteworthy fact that the concerns which advertise one year in the city directory are there again next year. 90% of directory advertising is renewed.

Directory advertising, is profitable. In connection with the classified business headings it is doubly effective.

May we explain how and why it will pay you?

Directories

The present volume constitutes the twenty-ninth edition of R. L. Polk & Co's Des Moines City Directory. The work will be found to be as complete and accurate as it is possible to produce a publication of this character, in view of the vast amount of information involved in the compilation. The standard attained in the previous issues is fully maintained in this one and the Directory will prove to meet the needs and requirements of patrons as fully as its predecessors.

The Directory has five distinct departments arranged in the order following:

The Miscellaneous Department, included in pages 35 to 68 contain information concerning State, City, County and Township officers, Asylums and Hospitals, Cemeteries, Churches, Courts, Federal Officers, Insurance Companies, Libraries, Military Societies, Clubs, Fraternal and Benevolent Societies, Newspapers and Periodicals, Post Office, Railroads and Secret Societies.

The Alphabetical List of citizens, business firms and corporations is embraced in pages 69 to 1439.

The Valley Junction Residence and Business Directory occupies pages 1440 to 1468.

The Street and Avenue Guide and Directory of Householders covers pages 1469 to 1724.

The Classified Business Directory or Buyers' Guide is included in pages 1725 to 2007, this department shows the manufacturing, mercantile and professional occupations compiled under headings appropriate to the class of industry pursued or profession followed.

DES MOINES.

Civic, Commercial and Industrial Statistics concerning the "City of Certainties."

POPULATION OF GREATER DES MOINES.

The Federal Census of 1920 credited Des Moines proper with a population of 126,468 a gain of 40,100 or 46.4 per cent over the census of 1910, but the canvass for this Directory taken nearly a year after the Federal census, covered not only Des Moines proper but a large outlying suburban territory. The total number of names in the present Directory is 56,353; in this number is included no firm name, church, school, institution or anything else which does not stand for the name of an individual. Using the multiple $2\frac{1}{2}$ —to allow for the names of women and children not represented in its columns—we have 140,833 as the estimated population of the territory covered by the Directory canvass.

The city is administered under what is known the country over as the "Des Moines Plan," a type of Commission rule; a Mayor and four Councilmen are elected for a two-year period without regard to party lines or city location, and they, upon election, divide among themselves the duties of the five departments: Public Affairs, Accounts and Finances, Public Safety, Streets and Public Improvements and Parks and Public Property. This type of government was effected at an election held June 30th, 1907.

BUILDING.

The following is the record of building permits and cost of construction since 1915:

1915	757	\$1,873,616
1916	856	3,387,896
1917	982	2,640,469
1918	670	4,110,566
1919	1,220	5,266,185
1920	938	4,191,230

WATER SUPPLY.

The water supply is municipal, being administered by a Board of five Trustees appointed for a term of years by the city authorities. The approximate investment is \$4,000,000; miles of mains, 215; capacity in cubic gallons daily, 60,000,000; average daily pumping (gallons), 10,000,-

APR 14 1921
6614125

000; pressure, 30 to 110 pounds. The charge for the first thousand gallons per day is 30 cents, for the next 4,000 or less 20 cents, and for all in excess of 5,000 gallons per day 10 cents per 1,000.

STREET RAILWAYS.

The Des Moines Street Railway Company, privately controlled, with its fourteen distinct lines covers the city quite thoroughly, 132 cars are operated during the rush hours at a fare of 7½ cents where tickets are purchased. The fare was established by the Federal District Court as a fair return on the valuation of the property and cost of operation.

ELECTRIC POWER.

Des Moines Electric Company, privately owned, furnishes service to some 25,000 meters and has a capacity of 25,000 kilowatts. They offer power as cheap and in many instances cheaper, than similar utilities in other cities.

GAS

The Des Moines Gas Company is a private corporation with a capacity of 5,000,000 cubic feet daily. There are 250 miles of mains and approximately 30,000 meters. The present net price per thousand, irrespective of quantity consumed is \$1.50. The present consumption is approximately 900,000,000 cubic feet per annum, leaving ample reserve for emergency and expansion.

SEWERAGE DISPOSAL.

The mileage of the sewer system of the city is now 255 miles, costing approximately \$4,000,000. The city has invested \$87,500 in a garbage plant, incinerator and sewerage disposal pumping system.

FIRE PROTECTION.

The city has adequate fire protection. The department is completely motorized and is of the most modern character; horse-drawn equipment having been withdrawn. The total number of men employed is 199; the number of pieces of fire apparatus is 30 and its value is \$200,000, alarm boxes and other supplies are valued at \$92,725, real estate and buildings for 15 stations are valued at \$237,692. The total fire loss for 1919 was \$285,338, property in jeopardy \$9,080,879.

STREETS AND HIGHWAYS.

The area of the city is 56 square miles. There are over 600 miles of city streets, paved streets number 209 miles representing an outlay of \$8,000,000. The investment in bridges alone is \$2,000,000 additional. The city is on a number of National highways and through the efforts of the Des Moines Automobile Club these routes have been marked through the city. Among them may be named the Jefferson Highway, Woodrow Wilson Highway, Daniel Boone Trail, River to River Road, D. L. D. Highway, Yellow Diamond Trail, White Pole Road, Panora Speedway and Pawnee Trail.

TELEPHONES.

The Northwestern Bell Telephone Company serves over 35,000 instruments. The average number of calls for a 24 hour period during 1920 was 219,000.

HEALTH AND SANITATION.

Des Moines tops the list of cities of the Nation as regards typhoid from water supply. There is no prevalence of epidemics of any sort. The total number of deaths in 1920, according to city health authorities, was 1,668; the total number of births was, 2,642; the altitude of the city ranges from 800 to 875 feet; the average yearly temperature is 49.3 degrees; the highest average month is July with 75.5 degrees; the lowest is January with 20.4 degrees; the average humidity the year round is 79.8 at 7 a. m. and 63.4 at 7 p. m.; the city owns a hospital valued at \$125,000 and a detention hospital at \$25,000 additional.

HOUSING CONDITIONS.

Housing conditions are as good, if not better, as any city at similar size in the country. That there is a shortage of dwellings is admittedly true, but such a condition has been nation-wide, due to lack of construc-

tion during the war period and abnormally high prices for building materials in the post-war period, this in face of the rapid growth of the city. That this condition is being remedied to some extent is apparent from the report of the Iowa Housing Commission that of the 1,582 dwellings erected in the 14 cities of the first class (15,000 or over) in Iowa for the fiscal year ending June 30, 1920, 929, or almost two-thirds, were built in Des Moines.

SCHOOLS, CHURCHES AND LIBRARIES.

Des Moines has 110 churches of practically every denomination. The value of church, hospital and lodge property is roughly placed at \$5,000,000. There are five well equipped hospitals in addition to the one belonging to the city. The Independent School District operates 72 buildings, represented in some 60 district units; the teaching staff numbers approximately 900 instructors. The enrollment at present exceeds 30,000. The valuation of the property exceeds \$4,000,000. Sites have been secured for two new high schools for which bonds have been voted. The city has twelve universities, colleges and special schools, with a yearly attendance exceeding 8,000, probably 50 per cent of which is nonresident except through the school year. The public library is municipally owned and administered. The property is located in the civic center on the river front and is valued at \$475,000; the last published report shows 112,214 volumes, in addition to 10,713 pamphlets. The circulation for the fiscal year ending April 1, 1920, reached a total of 330,518. The Iowa State Library is located in Des Moines. It numbers 177,303 volumes. It consists largely of reference works.

RECREATION.

There are 850 acres devoted to Parks, valuation of \$2,000,000; this includes play grounds, athletic fields, bathing beaches and golf courses. There are sixteen exclusive motion picture houses, vaudeville houses, etc. The Iowa State Fair occupies grounds valued at \$1,500,000. The attendance has averaged 400,000 for several years.

A DEPARTMENT OF PUBLIC SAFETY THE POLICE FORCE.

The police force under the Superintendent of Public Safety numbers 128 persons, including executives. There are 88 patrolmen and traffic officers; the department buildings cost \$600,000, equipment \$20,000, one-half of which is motorized. The total arrests for the calendar year ending April 1, 1920, was the lowest by a large margin for any like period.

VICE CONDITIONS.

Des Moines has no district peopled by the vicious. The streets are well lighted by an extensive electrolier system. The percentage of floating population is small. Illiteracy is insignificant. The surrounding tributary country is peopled by thrifty, intelligent, law abiding people.

POSTAL RECEIPTS.

Postal receipts in 1911 were \$826,032.18, in 1920 they were \$2,146,381.72.

BANKS AND TRUST COMPANIES.

Des Moines has twenty-one banks and trust companies with capital of over \$7,000,000 and deposits in 1920 of \$85,000,000. Bank clearings for the same year were \$641,737,319.62.

MANUFACTURERS.

Manufacturing establishments 1920, 475; distinctive products made, 300; value of annual output, \$75,000,000; number of operatives, 12,000.

WHOLESALE TRADE.

Des Moines is a leading jobbing center, trade in this line totaled \$150,000,000 in 1920.

INSURANCE COMPANIES.

Des Moines has 53 home insurance companies, with capital and surplus, exclusive of mutual companies, of \$12,500,000. Total combined assets are \$102,000,000.

TRANSPORTATION.

Seven of the large railway systems of the country enter Des Moines; it is not only the logical distribution center for the State of Iowa, but for

the mid-west. Des Moines reaches 9,376 miles of Iowa's railroad points (approximately 88 per cent) by a one-road haul, which is not approached by any other point. The systems and the number of radiating lines operated by each are as named below:

Chicago, Milwaukee & St. Paul Ry., 2; Chicago, Rock Island & Pacific Ry., 7; Chicago & Northwestern Ry., 1; Chicago, Burlington & Quincy Ry., 2; Chicago Great Western Ry., 2; Minneapolis & St. Louis Ry., 1; Wabash Ry., 1; Ft. Dodge, Des Moines & Southern Ry., 1; Inter-urban Ry., 2. There are 8 freight depots and four passenger stations. Plans are under way to consolidate into a new and extensive passenger terminal; at the same time devising a union freight terminal.

TAXATION.

The actual valuation of Des Moines property for taxation purposes in 1920 was \$177,452,980; the tax rate on a 25 per cent valuation which prevails in Iowa, totalled 157 mills on the dollar. This was divided as follows: State, 7.5; County, .20; Municipal, 57.7; special water and light, .10; school district, 61.8. Moneys and credits amounting to over \$25,000,000 are not included in taxable valuation shown above. They are taxed at the rate of 5 mills on actual worth. Corporation stock is taxed on one-fifth instead of one-fourth valuation and is included in taxable valuation as noted above.

THE DES MOINES CHAMBER OF COMMERCE.

The Des Moines Chamber of Commerce stands today, not as a new organization, not as the successor of old ones, not founded upon wreckage, not the result of spasmodic and intermittent organization, but as a consistent and potential civic factor dating back to 1888; it has kept pace with the times; it is an ancient and honorable body, and has pride in its heritage as well as in its visions of future possibilities. It is essentially democratic—as any civic and commercial organization must be. It has wisely and constantly widened its horizon, and has been helpful of every phase and factor in city life. It has assisted the women and the boys in their work; it has not forgotten labor; and it has cultivated every outlying nook and corner of the municipal corporation, that there might be known of all citizens that the Chamber of Commerce existed for the general good. It has maintained that hospitality and courtesy, in an organized and distinct fashion, are community assets. It has developed service. The motto of the Chamber of Commerce is this: "To Promote the Welfare of Des Moines and of Iowa." It inclines to the theory that people who are brought to sober thought, and who are wisely led, and whose public conscience is quickened, will make a better citizenship. The Chamber of Commerce is a public forum. It is a clearing house. It is a business organization, a civic body, and a social club. It seeks to put into men the very best of thought and zeal and motives, that the outcome may represent the sum total of achievement. It seeks to be a leader only in that it masses the groups of individual leaders and may perhaps make cumulative the value and strength of their leadership.

DIRECTORY LIBRARY.

A library of City and County Directories and State Gazetteers has been installed by us in the offices of the Chamber of Commerce in the Savery Hotel for the free use of our patrons. As the latest Directories are issued they will be added to the Library, thereby keeping it up to date from year to year. We extend a cordial invitation to each and every one of our subscribers to make frequent use of the Library and to consult the Directories on file as often as desired, when information in regard to any individual, firm, corporation or institution located in other cities is desired. Copies of this Directory are placed by the publishers in Directory Libraries, which are maintained in all the larger cities of the country, where they are readily available for reference use by the public. There they serve as perpetual advertisements of Des Moines, for business men the country over realize the City Directory represents the community as it really is.
